

## Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

## Franklin Global Real Estate Fund

**Class A (Qdis) USD • ISIN LU0229948244** • A sub-fund of Franklin Templeton Investment Funds  
The management company is Franklin Templeton International Services S.à r.l.

### Objectives and Investment Policy

Franklin Global Real Estate Fund (the "Fund") aims to maximise the investment return by achieving an increase in the value of its investments and earning income over the medium to long term.

The Fund invests mainly in:

- real estate investment trusts (REITs)
- equity securities issued by corporations of any size located in any country, including emerging markets, and whose business is financing, dealing, holding, developing or managing real estate

The Fund can invest to a lesser extent in:

- derivatives for hedging purposes and/or efficient portfolio management

The investment team looks for securities that present superior investment characteristics.

The Fund may distribute income gross of expenses. Whilst this might allow more income to be distributed, it may also have the effect of reducing capital. You may request the sale of your shares on any Luxembourg business day.

For the distribution share class shown in this document, dividend income is distributed to shareholders.

For further information on the Objectives and Investment Policy of the Fund, please refer to the section "Fund Information, Objectives and Investment Policies" of the current prospectus of Franklin Templeton Investment Funds.

The benchmark of the Fund is the FTSE EPRA/NAREIT Developed Index. The benchmark is indicated for information purposes only, and the Fund manager does not intend to track it. The Fund can deviate from this benchmark.

#### Terms to Understand

**Emerging markets:** Countries whose economy, stock market, political situation and regulatory framework are not fully developed.

**Equity securities:** Securities that represent an ownership stake in a company.

**Real Estate Investment Trusts (REITs):** Tax-advantaged property investment companies that are listed and traded on a stock market.

**Derivatives:** Financial instruments whose characteristics and value depend on the performance of one or more underlying assets, typically securities, indexes, currencies or interest rates.

**Hedging:** A strategy for totally or partially offsetting particular risks such as those arising from fluctuations in share prices, currencies or interest rates.

### Risk and Reward Profile

#### What does this indicator mean and what are its limits?

This indicator is designed to provide you with a measure of the price movement of this share class based on historical behavior.

Historical data may not be a reliable indication of the future risk profile of the Fund. The category shown is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean risk free.

#### Why is the Fund in this specific category?

The Fund invests mainly in REITs and other equity securities of the real estate

sector. Such REITs and securities have historically been subject to significant price movements that may occur suddenly due to market or real estate-specific factors. As a result, the performance of the Fund can fluctuate considerably over time.

#### Risks materially relevant not adequately captured by the indicator:

**Currency risk:** the risk of loss arising from exchange-rate fluctuations or due to exchange control regulations.

**Liquidity risk:** the risk that arises when adverse market conditions affect the ability to sell assets when necessary. Reduced liquidity may have a negative impact on the price of the assets.

**Derivatives risk:** the risk of loss in an instrument where a small change in the value of the underlying investment may have a larger impact on the value of such instrument. Derivatives may involve additional liquidity, credit and counterparty risks.

For a full discussion of all the risks applicable to this Fund, please refer to the "Risk Considerations" section of the current prospectus of Franklin Templeton Investment Funds.

## Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
